

HAITI EARTHQUAKE JANUARY 12TH, 2010

Dear Parents and friends:

As we woke up to the devastating news about Haiti, this has directly impacted the staff, parents and students of Lycée Franco Américain International School in many ways. LFA expresses its deepest sympathy to our staff and parents who have families and friends in Haiti affected by this catastrophic earthquake. Currently, several staff and parents at LFA are unable to locate their families. So far, one of our staff lost her mother to this tragedy. We will keep you informed via e-mail as we receive more information.

Several of you have called wanting to know how you can help. The school will coordinate its relief effort through Cross International to send help to the people of Haiti. You can visit their website at www.crossinternational.org for more information on how to help. We will post information on the different ways that you can contribute to our aid efforts on the school website at www.lyceefrancoam.org or www.isbcharterschool.org and send you e-mail updates regularly.

Your thoughts, prayers and support for the people of Haiti are greatly appreciated.

Sincerely,

Dr. Jacquelyne Hoy
Headmaster
