

CNED (French Virtual Education) and TUTORING at ISB

1. PURSUE A FRENCH EDUCATION THROUGH THE CNED

For our French-speaking students or for those who wish to be able to integrate, if necessary, the French education system or who want to take French exams (Brevet or Baccalaureate), ISB offers an enrichment program through the CNED and tutoring hours.

Students will register at CNED and receive additional educational support from qualified French-speaking teachers.

2. WHAT IS THE FORMULA FOR THE CNED

We offer support to children through the CNED SCI (complementary international education). This allows students to prepare:

- their return to France: thanks to international education, children are accepted directly into the French system at the level to which they belong.
- for students in the 9th Grade (3ème), prepare for the BREVET exam (the student will have to work independently on the sciences which are the subject of an additional examination as a free candidate).

- for 11th Grade (1^{ère}) or 12th Grade (Terminale) students prepare for the baccalaureate.

(for these exams it is necessary to prepare other complementary subjects corresponding to the options of the new bac).

The CNED SCI offers a basic package with three fundamental disciplines.

Depending on the level of your child, you can choose between 2 versions of course provision:

- **digital version:** it includes all the courses, assignments, and services. All your child needs to start their school year is a tablet or computer and an Internet connection. Available only for middle and high school.
- **digital version + printed courses:** you benefit from the same courses and services, plus the printed version of the classes. Available only for primary and middle school. (We recommend this version for middle school students)

Subjects in Middle School:

From 6th grade (6^{ème}) to 9th (3^{ème}): Math, French, History-Geography-Civic Education

Subjects in high school:

- 10th grade (2nd): Mathematics, French, History-Geography
- 11th grade (1ère générale): French, History-Geography, Science
- 12th grade (Terminale): (depending on the options chosen)

3. TUTORING CNED OFFERED BY ISB

ISB offers tutoring every day from **2 to 4 p.m.**, led by qualified French teachers (master and doctorate) to help children solve their learning problems. They are there to guide children in their learning and provide them with advice throughout the CNED year.

Attention. These are not literally courses.

We remind you that the CNED registration includes all courses, homework, and

services as well as the accompaniment of children by teachers of National Education, by phone, or by email.

CNED Teachers:

- Provide explanations on the content and activities to be carried out (courses, evaluations, activities, exercises, methodology).
- You can give them information and / or ask them questions.
- They correct the assessments sent.

4. COST AND REGISTRATION OF TUTORING

The cost of the CNED TUTORING is: \$ 2,000 for the school year including 2 hours of tutoring per day (from 2 p.m. to 4 p.m.).

Tutoring is planned from the beginning of September 2020 to the end of May 2021

Please note: We respect the Broward County school calendar for holidays and vacations.

Payments can be made:

- once at the start of the year (10% reduction)
- in two installments (5% reduction) (payment at the start of quarter 1 and start of quarter 3)

3100 N 75 Ave. Hollywood, FL 33024 -Phone (954) 987-2026 -Fax (954) 987-7261
Visit us online at www.isbcharterschool.org

- in four installments (at the start of each quarter)

For families registering more than one child, facilities are possible, contact us.

We draw your attention to the fact that a registration for the school year commits you to pay the total amount of the sum for the school year (except in cases of force majeure: moves, illnesses, etc.)

The registrations for the 2020/2021 academic year are to be made from **June 1st, 2020**

5. COST OF REGISTRATION CNED

The 2020/2021 cost has not yet been announced.

For the year 2019/2020, The cost was 600 euros (middle school) and 650 euros (high school).

They should stay much the same.

6. EVALUATION OF STUDENTS ON THE CNED

Students are assessed during the year by a CNED teacher in France. There are 10 homework assignments in each subject.

Parents can access their children's notes at any time on the CNED platform.

In view of the results obtained by the children in the SCI program and in the US program, the consulate services issue a follow-up certificate allowing them to continue

in higher class for the following school year in France or in a French establishment at the foreign.

7. HOW TO REGISTER TO CNED

Parents must independently register their children and pay for the CNED program directly on the platform.

You can use the following link:

[Scolarité complémentaire internationale](#)

The ISB administration can help you in this process.

8. REGISTRATION DATES

In order to start the 2020-2021 school year, it is important that families register for CNED before **June 30, 2020**

(We recommend respecting the registration date. We know from experience that if you register in August or September 2020, it will not be validated immediately, causing delays in the student's education)

We remain at your disposal for further information, guidance or advice.

Sincerely,
ISB Direction.
