

## FRENCH FOREIGN LANGUAGE AT ISB

### 1. ISB PROMOTES FRENCH FOREIGN LANGUAGE

We are proposing a new model which:

- promotes the learning French language
- gives the opportunity to discover two cultures, two languages.

### 2. ADVANTAGE OF STUDYING FRENCH AS A FOREIGN LANGUAGE

Follow French as Foreign Language classes allows you to master a second language within a program recognized by American education.

In addition, the French government offers great facilities for the registration of foreign students in French universities. We remind you that higher studies in France have much lower costs than those practiced in the United States. The only requirement is to have an adequate level of French.

You will find very detailed information on [Campus France USA: Home Page](#)

### 3. HOW IT WORKS

Within ISB:

- all students have access to one hour of lessons per day in French as a foreign language according to their level.
- Part of a subject is taught in French (1 to 2 hours per week)

In addition, all students can prepare for the DELF exam, which allows them to continue their secondary studies in France after high school.
